Guidance on beneficial owners, senior management and politically exposed persons

A beneficial owner is the individual or individuals who ultimately controls the applicant entity. A “beneficial owner” of a corporate entity or a partnership is any individual who controls the entity, exercises ultimate control over the management of the entity or owns or controls (in each case whether directly or indirectly), including through bearer share holdings or by other means, more than 25% of the shares or voting rights in the entity. For a trust, a beneficial owner includes:

- the trustees;
- the settlor of the trust;
- the beneficiary of the trust (where a trust is for the benefit of a class of beneficiaries, the class of beneficiaries should be described and further information may be requested); and
- any individual who has control over the trust.

You do not need to complete this section if your company is a listed company or a majority owned and consolidated subsidiary of a listed company. (Corporate Member or Corporate Director)

A “family member” of a PEP includes the following individuals:

Explanatory Notes – FATCA & CRS

The following explanatory notes are based on Tax Regulations as implemented in the UK. If you have any questions about your organisation's classification, please contact your tax adviser.

Definitions common to FATCA and CRS

1. Tax Regulations

The term "tax regulations" refers to regulations created to enable automatic exchange of information and include Foreign Account Tax Compliance Act (FATCA), and the OECD Common Reporting Standard (CRS) for Automatic Exchange of Financial Account Information².

2. FATCA and CRS

- FATCA
FATCA regulations in sections 1471 to 1474 of the U.S. Internal Revenue Code and the Treasury regulations and official guidance issued there under, as amended from time to time. FATCA regulations have been adopted in the UK by The International Tax Compliance Regulations 2015.
- CRS
The OECD Common Reporting Standard (CRS) which has been adopted in the UK by The International Tax Compliance Regulations 2015.

3. Non-profit Organisation

An entity that meets ALL of the following criteria:

- (i) it is established and operated in its jurisdiction of residence exclusively for religious, charitable, scientific, artistic, cultural, athletic, or educational purposes; or it is established and operated in its jurisdiction of residence and it is a professional organisation, business league, chamber of commerce, labour organisation, agricultural or horticultural organisation, civic league or an organisation operated exclusively for the promotion of social welfare;
- (ii) it is exempt from income tax in its country of residence;
- (iii) it has no shareholders or members who have a proprietary or beneficial interest in its income or assets;
- (iv) the applicable laws of the entity's country of residence or the entity's formation documents do not permit any income or assets of the entity to be distributed to, or applied for the benefit of, a private person or non-charitable entity other than pursuant to the conduct of the entity's charitable activities, or as payment of reasonable compensation for services rendered, or as payment representing the air market value of property which the entity has purchased; and
- (v) the applicable laws of the entity's country of residence or the entity's formation documents require that, upon the entity's liquidation or dissolution, all of its assets be distributed to a governmental entity or other non-profit organisation, or escheat to the government of the entity's country of residence or any political subdivision thereof.

4. Controlling Persons

The term "Controlling Persons" means the natural persons who exercise control over an Entity. In the case of a trust, such term means the settlor, the trustees, the protector (if any), the beneficiaries or class of beneficiaries, and any other natural person exercising ultimate effective control over the trust, and in the case of a legal arrangement other than a trust, such term means persons in equivalent or similar positions. The term "Controlling Persons" must be interpreted in a manner consistent with the Financial Action Task Force Recommendations.

"Control" over an Entity is generally exercised by the natural person(s) who ultimately has a controlling ownership interest in the Entity. A "control ownership interest" depends on the ownership structure of the legal person and is usually identified on the basis of a threshold applying a risk-based approach (e.g. any person(s) owning more than a certain percentage of the legal person, such as 25%). Where no natural person(s) exercises control through ownership interests, the Controlling Person(s) of the Entity will be the natural person(s) who exercises control of the Entity through other means. Where no natural person(s) is identified as exercising control of the Entity, the Controlling Person(s) of the Entity will be the natural person(s) who holds the position of senior managing official.
